The Veteran Volunteer Firemen held a well-attended and interesting meeting last night, when the annual picnic was discussed informally. All members are requested to get their uniforms as early as possible.

At the beginning of the new year D. E. Porter, of Winston-Salem, N. C., assumed charge of the commercial department of the Pensacola Shortland School, to take the place of the former instructor, K. M. Clayton. The principal and pupils regret that Mr. Clayton is no longer connected with the school, yet are glad to welcome Mr. Porter, who is an experienced teacher and one of the best men of the south.

The many friends of H. A. Felkel, editor and manager of The Evening News, will regret that he is confined to his room on account of illness. Mr. Felkel has a high fever and his friends are distressed as to his condition. It is hoped that he will soon be able to return to his duties again.

A typographical error in The Journal of yesterday morning made it appear that Mr. W. A. Blount is connected with some railroad litigation in Mississippi. The error was caused by two lines of an article regarding a Blount rally being placed at the end of an article relative to the railroad litigation in Mississippi.

NO REASON FOR IT.

When Pensacola Citizens Show the Certain Way Out.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of diabetes of any kidney ailment when relief is so near at hand and the most positive proof given that they can be cured. Read what a Pensacola citizen says:

Mrs. E. J. Murray, 309 E. Gregory St., Pensacola, Fla., says: "For years my kidney complaint bothered me. The pains in my back and hips being almost unbearable. I also had frequent headaches and was often so dizzy that I could not stand. Chills and nervous spells were other symptoms of my trouble. My sister had been cured of a severe attack of kidney complaint by Doan's Kidney Pills and believing that they might prove of benefit to me, I procured a supply by the Crystal Pharmacy and began their use. I was surprised at the prompt benefit that followed. After I had used Doan's Kidney Pills a short time, my trouble disappeared and since then I have had no serious recurrences. On one or two occasions I have had need of Doan's Kidney Pills and I am glad to say that they have always benefited me."

Boy Bandits Hold Up Night Hotel Clerk

(Continued from First Page)

here into the saw mill district, where they are believed to be. Out on the ice of St. Louis bay policemen have been stationed to prevent an escape into Wisconsin. As the bandits are armed it is thought that when their place of concealment is discovered there possibly will be a revolver battle.

THOUGHT IT A JOKE.
The two boys entered the hotel about 3:45 this morning. Clarence Stubbs, the night clerk, and Charles Nitroved, the night porter, were standing beside the desk.

"Hold up your hands!" shouted one of the boys, pointing a revolver. The clerk and the porter thought the boys were joking. To show that they were in earnest one of the boys fired a shot through the floor near the desk and the clerk and porter put their hands up.

The youths then marched them into the dining room and ordered them to stand up against the large iron post in the middle of the room. While one of the boys covered the two men with the revolver, the other hastily gathered some table linen and tied their hands to the post above their heads. The boys then returned to the desk and went through the cash register, taking about \$50 in cash, and made their escape.

The two men were later released by a rubber from the bath parlors in the basement and they then gave the alarm.

SOME GOOD INDIANS REPORTED TO DEPARTMENT

By Associated Press.
Washington, Jan. 6.—Indians that have abandoned tribal customs and adopted the white man's ways, that have built little one-story houses for their residences and are self-sustaining—these are the Alabama Indians in Texas, according to a report sent to congress today by Secretary Ballinger. The investigation of the conditions of the Indians was directed by congress.

The interior department reported that there are 192 of them, that they have made marked progress in civilization, are peaceable and law-abiding, and have no claim on the government, but would like more land to cultivate and a school for manual training.

THE TRIAL OF MRS. H. H. YOUNG

WOMAN WHO RAN OVER MAN IN AUTOMOBILE IS CHARGED WITH MANSLAUGHTER.

Special to The Journal.
Tampa, Jan. 6.—The preliminary examination of Mrs. H. H. Young, charged with manslaughter in connection with the death of John Harrington, who was injured so seriously from an automobile driven by Mrs. Young that he died a few days later, was not terminated today.

Attorney Yancey, counsel for the state, being obliged to go to Tallahassee on business, further examination was continued until next Monday. The state closed its direct testimony today, and the defense began. Witnesses were introduced by the defense who testified that the automobile at the time of the accident was not going more than three or four miles an hour, and that the horn was being sounded.

In this regard there is a great discrepancy in the testimony heard so far. It is the intent of the defense to show that Harrington's death was brought on by his own contributory negligence.

RAFFLES ON AND OFF THE STAGE HERE

STORY OF "RAFFLES" DUPLICATED LAST NIGHT, WHILE KYRLE BELLEW WAS PORTRAYING STAGE STORY OF GENTLEMAN THIEF.

While Kyrle Bellew was entertaining Pensacola theater-goers at the opera house last night with his excellent portrayal of "Raffles," a real "Raffles" was duplicating the story at a dance at the Knights of Columbus hall on Baylen street. Like the story, mystery surrounds an alleged theft, and like the stage story, the loot was returned. But while the loot in the stage story is a diamond necklace, worth many thousands, the loot of the real Raffles was merely a ladies' purse, containing five cents. The small value attached is really the reason for its return, while "Raffles" in the story was impelled by higher motives in returning his loot.

Shortly before 11 o'clock a telephone call was received at police headquarters summoning an officer to the Catholic Knights' hall, and reporting the theft of a purse. Detective Schmidt and Officer Dole were assigned to the case and immediately reported to the scene of the alleged theft. The story of the theft had in the meantime become known to the dancers and when the officers arrived, the dance, which was in progress, had been stopped. The officers were told that a purse had been snatched from a small boy, whose sister had given him a purse to hold, while she responded to an invitation to dance. The officers had not been long in their search when the purse was mysteriously returned, just as much so as in the fiction "Raffles" and the police are at a loss, as are the actors in this little life drama as to who the real "Raffles" was. But the police believe that the motive impelling the "Raffles" to return the purse was its small value.

After the return of the purse the officers withdrew and the dancing was resumed. They did not get the name of the young lady, whose purse figured in the real "Raffles."

LONG TALKED OF L. & N. CONNECTION TO BE MADE

By Associated Press.
Paducah, Ky., Jan. 6.—Beginning January 10 the long talked of connection of the Louisville & Nashville system with St. Louis and the south via the Nashville, Chattanooga & St. Louis line will be completed and the first solid train from East St. Louis will start for Paducah over the Burlington and Herrin southern to Metropolis, Ill., where it will transfer.

The Burlington is completing its terminal facilities at Metropolis preparatory to commencing work in its bridge over the Ohio river there next summer, intending to finish its line from Paducah south to connect with its Mobile line just below Memphis. This is said to be an effort on the part of the Hill lines to reach the gulf ports.

GRAPHOPHONE RECORDS OF RARE VALUE RECEIVED

By Associated Press.

Washington, Jan. 6.—Three graphophone records of rare value have been received by First Assistant Commissioner Abbott of the bureau of Indian affairs. These records contain genuine reproductions of the war dance songs of the Bannock Indians of Idaho and were made by Ralph W. Dixie, an Indian ranchman of the Fort Hall reservation in that state.

Dixie, said Commissioner Abbott, went to one of the dances and made the records unknown to the participants. Indians as a result are somewhat superstitious about such matters and it would have been almost impossible to get them to carry on their dances for "canning" purposes.

A. Schwartz, a local plumber, will appear in police court at today's session, for the same offense, that of violation, for the second time for the same offense, that of violating the city plumbing laws. He was cited to appear before the recorder by Capt. Frank Wilde yesterday, at the instance of Plumbing Inspector Jackson Brandon.

STRINGENT GRAFT LAWS PROPOSED IN ATLANTA

By Associated Press.
Atlanta, Ga., Jan. 6.—If an ordinance introduced in the city council yesterday by Councilman Monroe Smith is passed, hereafter any one who talks with a member of that body while it is in session, for the purpose of influencing legislation, will be sentenced to a term of three days imprisonment.

Some of the councilmen are inclined to treat the proposed ordinance lightly, but Mr. Smith says he is very much in earnest.

DR. BUCHHOLZ HEARD BY A LARGE CROWD

WELL KNOWN GEORGIA DIVINE CONDUCTING REVIVAL SERVICES AT THE FIRST BAPTIST CHURCH, DELIVERED SERMON TO LARGE CONGREGATION LAST NIGHT.

Another large congregation greeted Dr. H. C. Buchholz, of Georgia, at the First Baptist church last night, in the series of revival meetings that are in progress at that church. Much interest was manifested in the service and interest is growing daily. The subject chosen for Dr. Buchholz's discourse last night was "What Shall I Do? A Man if He Gain the Whole World and Lose His Own Soul."

Dr. Buchholz went into the subject thoroughly, delivering an excellent discourse, showing that above worldly success is Christianity and the value of human souls.

Christ, he said, first gave this question and no one since him had been able to answer it but in one way. It is absolutely unanswerable, Dr. Buchholz said, except in the affirmative for Christianity. The services will be held each evening beginning at 7:30 o'clock.
